SUBJECT: COMPUTING OVERPAYMENTS IN THE AID TO FAMILIES WITH
DEPENDENT CHILDREN (AFDC) and CALIFORNIA WORK
OPPORTUNITY AND RESPONSIBILITY TO KIDS (CalWORKs)
PROGRAMS

REFERENCE: MANUAL OF POLICIES AND PROCEDURES (MPP) SECTIONS 44-350;
44-352; 44-207; 44-313; AND 44-315

The purpose of this letter is to clarify the California Department of Social Services' interpretation regarding the computation of an overpayment due to circumstances other than excess property when the county discovers, after the fact, that an assistance unit (AU) has several months of ineligibility mixed with months of eligibility.

Under the Manual of Policies and Procedures (MPP) Section 44-352.12, the overpayment is the difference between the correct grant amount and the amount actually paid less support payments or other money received by the county and credited against the aid payment for an overpayment month. The county must, therefore, reassess each payment month and determine what the grant should have been if everything had been reported and computed correctly. A detailed description of how this regulation applies where months of ineligibility are mixed with months of eligibility is provided in the following attachments:

- o ATTACHMENT I summarizes the applicable regulations.
- o ATTACHMENT II explains how the regulations apply in this situation and gives an example.

The specific application of this interpretation applies to overpayments which occur/occurred before January 1, 1998, as some of the relevant regulations will change at that time. However, the general premise of this interpretation will remain after the implementation of CalWORKs, i.e., determine what the correct grant amount should have been and compare it to what was actually paid when computing the overpayment amount.

If you have questions regarding this letter, please contact the following staff:

Some or all of the following regulations could apply to a particular overpayment situation where the county discovers, after the fact, that the AU had several months of ineligibility mixed with months of eligibility:

- o MPP Section 44-350.15 defines an overpayment as any amount of any aid payment an AU received to which it was not eligible.
- o MPP Section 44-352.121 requires that, when computing an overpayment, the correct grant amount must be determined. When there is total ineligibility for a payment month, the correct grant amount is zero.
- o MPP Section 44-207.2 requires that for any month that the total reported or anticipated gross income received exceeds 185 percent of Maximum Basic Standard of Adequate Care (MBSAC) plus special needs, the AU shall be ineligible for aid.
- o MPP Section 44-207.3 states that an AU is financially eligible in any month in which, on the first of the month, the combined actual and estimated net income is less than the MBSAC plus special needs.
- o MPP Section 44-207.33 provides that an AU which received aid for a month based on a reasonable estimate of net nonexempt income shall not later be considered financially ineligible if actual income exceeds the estimate.
- o MPP Section 44-313.1 requires that prospective budgeting be used to compute the AFDC grant for the first two months following an application or reapplication. The AU must have two consecutive months of prospective budgeting before retrospective budgeting begins.
- o MPP Section 44-313.2 requires that retrospective budgeting be used to compute the AFDC grant for the third and subsequent payment months.
- o MPP Section 44-315.81 provides that aid in a payment month shall be suspended when income or other circumstances in the corresponding budget month appear to make the AU ineligible for only one payment month.
- o MPP Section 44-315.82 provides that, if the family's circumstances have not changed significantly from the corresponding budget period, the aid payment following the month of suspension must be computed using retrospective budgeting.
- o MPP Section 44-315.83 provides that, if the family's circumstances have changed significantly from the corresponding budget period, e.g., loss of a job, aid payments for the first two months following a suspension must be computed using prospective budgeting.

ATTACHMENT II

The county must reassess each payment month and determine what the grant amount should have been if everything had been reported and computed correctly. Any or all of the regulations summarized in ATTACHMENT I could apply to the overpayment calculation based on what should have happened in a particular payment month.

The following example illustrates how the current regulations apply in determining the overpayment when months of ineligibility are mixed with months of eligibility:

An AU of three began receiving aid November 1995. The AU was on aid for 12 months before the county discovered that the AU had income which it failed to report without good cause. After reassessing the AU's actual gross income for each payment month, the overpayment was computed as illustrated in the following chart.

Payment Month	11/95	12/95	1/96	2/96	3/96	4/96	5/96	6/96	7/96	8/96	9/96	10/96
Gross/Net Test	<185% <MBSAC	>185% >MBSAC	<185% <MBSAC	<185% <MBSAC	>185% >MBSAC	<185% <MBSAC	<185% <MBSAC	<185% <MBSAC	<185% <MBSAC	>185% >MBSAC	>185% >MBSAC	<185% <MBSAC
Gross Income	0	1700	200	200	1400	500	300	0	0	1700	1700	0
pro/retro budgeting	pro	ineligible	pro	pro	retro	retro	retro suspense	pro	pro	ineligible	ineligible	pro
Grant Paid	607	607	607	607	607	607	607	594	594	594	594	594
Grant should have been	607	0	530	530	530	530	0	594	594	0	0	594
Over-payment	0	607	77	77	77	77	607	0	0	594	594	0

To determine the overpayment when months of ineligibility are mixed with months of eligibility, the steps outlined below should be followed in their applicable order:

Step I: Use the AU's actual gross and net nonexempt income to determine if the AU is concurrently eligible. That is, determine if the AU passed the gross income and net income tests specified in MPP Sections 44-207.2 and 44-207.3.

Step II: Use prospective budgeting until the AU was eligible for two consecutive months. (MPP Section 44-313.1) After the first two consecutive months of eligibility, if the AU passes the concurrent eligibility tests, begin using retrospective budgeting, using the income from the budget month to compute an overpayment. (MPP Section 44-313.2)

- Step III: If the AU is in prospective budgeting and did not pass the concurrent eligibility tests described in Step I, the overpayment month is the month in which the AU is concurrently ineligible. (MPP Section 44-352.121)
- Step IV: Once the AU is in retrospective budgeting and did not pass the concurrent eligibility tests, it must then be determined whether or not the income continued at a level to cause the AU to be ineligible for aid for more than one month. (MPP Sections 44-207.2 and 44-207.3) If the AU did not pass the concurrent eligibility tests for only one month, continue in retrospective budgeting pursuant to MPP Section 44-313.2. The payment month, corresponding with the budget month that had excess income, is the ineligible, suspense, and overpayment month pursuant to MPP Section 44-315.8.
- Step V: If the income continued and the AU was ineligible for more than one month, a complete overpayment must be computed for each month of concurrent ineligibility. (MPP Sections 44-207.2 and 44-207.3 and 44-315.8)
- Step VI: After two or more consecutive months of ineligibility, the first month in which the AU met the concurrent eligibility tests is considered a "beginning month". The AU's income would be prospectively budgeted pursuant to MPP Section 44-313.1.
- Step VII: In months where the AU was eligible for aid, but was paid more than the AU was eligible to receive, then the correct aid amount should be computed. The overpayment is the difference between the amount of the aid paid and the corrected aid for the payment month, less any support payments or other money received by the county and credited against the aid payment for that payment month pursuant to MPP Sections 44-350.15, 44-352.12, .121, .122, and .123.
