26-311.05 DEFINITIONS
26-311.05

Case - This term is used in all programs and the specific meaning will vary. As a general guide, however, a case can be defined as being a client of the agency for whom a record is established. Included in this definition are clients applying for service as well as those receiving service from the agency. From a practical standpoint, cases are either "opened", "active", "pending" or "closed" according to regulations.

26-311.05 DEFINITIONS (Continued) **26-311.05**

For purposes of this report, the terms cases(s) and household(s) are used interchangeably.

Caseload - This term is used in the broad sense to mean a group of cases. An agency may have a FS caseload, an AFDC caseload, a GR caseload, etc.

Caseload Movement - Caseload movement statistics are required in a number of the summary statistical reports as a means of revealing changes occurring in the caseload during the report period.

Ongoing reports may be completed on the basis of actual counts of items received and disposed of, with the total and pending figures determined arithmetically. An actual count of the number pending **should** be obtained for each report to ensure accuracy. Where this is not possible, an actual count shall be made **once every six months**.

Reporting Period - The reporting period shall be either the calendar month or the fiscal month. The county has the option of which report period it uses. The term "report month" used throughout the instructions refers to the reporting period used by the County Welfare Department (CWD).

The county must identify at the top of the form the reporting period to be used. Once reporting has started, the same reporting period must be used each month. Counties must obtain prior approval from Statistical Services if they wish to change the reporting period used.

PAFS - A public assistance (PAFS) household is one in which **all** members are included in a federally aided AFDC grant.

NAFS - A nonassistance (NAFS) household is one in which at least one member is not included in a federally aided AFDC grant. Food stamp households where one or more members participate in the nonfederal AFDC or General Relief programs are considered nonassistance households.

Date of Application - The date a signed application for food stamps which contains the applicant's name, address and signature is received by the appropriate food stamp office.

Approval Date - The date the application is approved by county action.

Denial Date - The date the application is denied by the county action.

26-311.05 DEFINITIONS (Continued) **26-311.05**

Withdrawal - Any application voluntarily withdrawn by the applicant household in accordance with regulation Section 63-300.36.

Determination on Eligibility - The determination of eligibility begins with the filing of a signed application and ends with the certification or denial date (see above).

Certified Eligible to Participate - Households which are determined eligible to participate in the Food Stamp Program **and** are provided an opportunity to participate in the report month.

Intercounty Transfer - A household who transfers their food stamp eligibility from one county to another.

Transfer in Assistance Classification -A household whose assistance classification is transferred from PAFS to NAFS or vice versa.

Restored Benefits - Those benefits which are lost to the household due to an error by the county and then restored. Restored benefits are also those lost and then restored to the household due to a reversal of a fraud disqualification penalty.

Recertifications - A required application for continuing benefits received no later than the end of the last month of certification is considered a recertification.

One Month Certifications - Those cases certified eligible for one month only (e.g., expedited pending verification or household with anticipated changes).

26-311.10 PART A. APPLICATIONS FOR FOOD STAMPS **26-311.10**

Part A summarizes activity during the report month with respect to food stamp applications. A request for food stamps is a signed application that has been received by the appropriate food stamp office (see 63-301.1) on Forms CA1 or DFA 285A.

Applications for recertification received in the last month of certification are not to be reported in this section. Applications for recertification received after this time are to be reported as new applications. See instructions for Part C, Recertifications, for examples.

1. Pending from last month - Enter the number of food stamp applications pending from the previous month. Entry should equal Item 5 of the previous month's report or be explained in a footnote.

26-311.10 PART A. APPLICATIONS FOR FOOD STAMPS (Continued) **26-311.10**

2. Received during the month - Enter the number of new applications received during the report month. Include applications received from transfer cases whose Form FNS 286 contained information that could not be verified or in which changes have occurred. Include applications for restored benefits to ineligible households as mandated by a court decision, e.g., **Aiken vs. Obledo** (see instructions on restored benefits, Section 26-311.20, Item 7c).

Do not include: 1) Recertifications as defined by these instructions, 2) intercounty transfers whose FNS 286 can be verified, and 3) applications for restored benefits not mandated by a court order.

b. **Denied** - Enter the number of applications denied by county action during the report month (see 63-301.3). Denials must be classified as NAFS and PAFS in accordance with the instructions below.

(1) In over 30 days (CWD caused) - Enter the number of applications reported in Item 4b (denials) which were processed in over 30 days due to CWD error. Please provide information for both PAFS and NAFS households.

2) Denied	Approved	Nonassistance approval; Nonassistance case certified eligible participate
3) Approved	Denied	Public Assistance denial*
4) Approved	Approved	Public Assistance approval;* PA case certified eligible to participate

26-311.10 PART A. APPLICATIONS FOR FOOD STAMPS (Continued) 26-311.10

All other denials are classified as nonassistance.

*Provided that household contains all members receiving federally assisted AFDC.

- c. **Withdrawn** - Enter the total number of applications, by assistance classification, voluntarily withdrawn by the applicant household.

A PAFS withdrawal is one in which an AFDC household, where all members are federally aided, applies for FS benefits and subsequently withdraws the FS application.

A household which applies simultaneously for AFDC and FS benefits and subsequently withdraws the joint application for AFDC and FS shall be counted as an NAFS withdrawal.

- 5. **Applications Pending at End of Month** - Enter the number of applications pending at the end of the month. Entry will equal the difference between total applications during the month and number disposed of, Item 3 minus Item 4.
- 6. **Cases Brought Forward from Last Month** - Entry will equal Item 10 of the previous month's report or be explained in a footnote. Changes in caseload resulting from actions authorized in prior months and not previously reported are shown as adjustments to Item 6 and are not to be reported in Item 7c and/or Item 9.
- 7. **Cases Added During Month** - Enter the sum of Items 7a through 7c.
 - a. **Applications Approved** - Enter the number of applications approved for food stamps during the report month. (This item will equal Item 4a above.)

These cases will not be counted in Items 2, 4a or 7a.

26-311.20 PART B. CERTIFIED CASELOAD**26-311.20**

Example 1: When an ongoing case transfers from **PAFS** to **NAFS**, it is reported as follows:

Month 1 (Last month of PAFS certification)**Month 2** (First month of NAFS certification)

a) PAFS Certified Eligible
(Item 8a, Col.1)

a) NAFS Certified Eligible
(Item 8a, Col.2)

b) PAFS termination (Item 9, Col.1)

c) NAFS transfer in assistance
Classification (Item 7b, Col. 2)

d) NAFS certified for future months
(Item 8b. Col. 2)

c. **Other Approvals** - Enter the number of cases approved during the report month for reasons other than Items 7a and 7b, including:

- (1) Reinstatement of benefits on appeal cases (fair hearings).
- (2) Reinstatement of benefits for cases erroneously discontinued.
- (3) Reinstatement of benefits for PAFS cases whose cash grant were restored because the CA 7 discontinuance was rescinded.
- (4) Approval of benefits for cases erroneously denied.
- (5) Reinstatement of benefits to an eligible household who was discontinued due to county failure to act in a timely manner on a recertification request submitted within allowed time frames.
- (6) Restoration of lost benefits - Food Stamp regulations (63-802.1) allow food stamp benefits to be restored even if the household is currently ineligible. Restored benefits are those which are lost due to an error by the county and then restored due to a reversal of a fraud disqualification penalty.

With the exception described below, applications for restored benefits are not to be counted as new applications. The case is to be brought into the caseload as an "other approval", Item 7c. And then reported as certified eligible, Item 8a. The exception is those cases whose benefits are restored due to a court decision, e.g., **Aiken v. Obledo** (but not a court reversal of a fraud disqualification). These cases are considered new applications.

26-311.20 PART B. CERTIFIED CASELOAD (Continued)**26-311.20**

- (7) Intercounty transfers - if the FNS 286 (Certification of Transfer of Household Benefits) procedure is utilized to transfer a household from one county to another, it is not considered a new application if, in accordance with food stamp regulations (63-504.363b):
- a) There has been no change in household membership from that recorded on the FNS 286;
 - b) The household is living in the county and no member of the household resides in a boarding house or institution;
 - c) The 60-day continuation of the certification period has not expired, and
 - d) No household member is an SSI recipient (as long as SSI recipients remain ineligible due to the cash-out status of California).

If the FNS 286 procedure is not utilized in transferring the case or the information on the FNS 286 contains information that cannot be verified, the case is reported as a new application and, if approved, reported in Items 4a, 7a and 8a, certified eligible to participate.

When a public assistance food stamps case is transferred to another county and is approved for food stamps pending the AFDC determination in the gaining county, it is to be reported as a public assistance case. If AFDC is subsequently denied, then a transfer in assistance classification is reported in Item 7b. See instructions for Item 7b. Do not count as a NAFS application approved.

- (8) A reopened case that was originally denied due to the household's failure to take action within 30 days.

Changes in caseload resulting from actions authorized in prior months and not previously reported are not to be reported in this item. They are to be shown as an adjustment to Item 6 only and explained in a footnote. (See instructions for Item 6.)

26-311.20 PART B. CERTIFIED CASELOAD (Continued) **26-311.20**

8. **Total Cases Open During Month** - Enter number of cases active during the report month; that is, those cases which are certified for current or future months. Sum of Item 6 plus Item 7; also sum of 8a and 8b.

a. **Certified Eligible to Participate During the Report Month** - Enter number of households eligible to participate during the report month in each classification. A household eligible for any part of a report month is considered eligible for the entire month. Eligible food stamp households will be certified effective for the month of application with the exception of those cases reported in Item 8b. This will be true even if the household's eligibility is not determined until a subsequent month. This could result in various certification and reporting situations in which the eligibility determination is made in the month after the month in which the application is filed. The following examples apply to both PAFS and NAFS.

1) The county might determine that the applicant was eligible in both the month of application and the month in which the eligibility determination was made.

Month 1	Month 2
<u>Eligible</u> application received	<u>Eligible</u> eligibility determination made

A household in this situation would receive two months' worth of benefits in Month 2.

For DFA 296 purposes, this will be reported as follows:

Month 1	Month 2

b) Application pending (Items 5)	b) Case certified eligible to participate (one count) (Item 8a)

26-311.20 PART B. CERTIFIED CASELOAD (Continued)**26-311.20**

Month 1**Month 2**

Eligible

c) Case terminated during
the report month (Item 9)

There shall not be a separate denial count recorded for the determination of ineligibility in Month 2.

- 3) It could be determined that the household was **ineligible** for the month in which the application was filed, but **eligible** for the following month in which its certification was completed.

26-311.20 PART B. CERTIFIED CASELOAD (Continued)	26-311.20

Month of Application	Future Month(s)
a) Application received (Item 2)	a) Certified eligible to participate (Item 8a)
b) Application approved (Items 4a and 7a)

-If an application for recertification is not received in this month, the case is terminated.	

- a. If in the example above, an application for recertification is filed in Month 1 (the last month of certification) and is approved for continuing eligibility, it is reported in Items 11a and 8a only. If not approved for continuing eligibility, report in Items 11b and 9.

If an application for recertification is not filed in Month 1, the case is terminated in Item 9.

26-311.30 PART C. RECERTIFICATIONS (Continued)**26-311.30**

Any case which has been certified for one month only and subsequently comes in to apply for continuing benefits by the end of the month of certification, shall be counted as a recertification.

Example:**Month 1**
(May)

-Applicant files for food - stamps and is certified for one month only.

-A notice of expiration is provided at the time of certification. If household reappplies during this month, it is reported as a recertification.

-If the household does not reapply, the case is terminated.

Month 2
(June)

Household reapplying for continuing benefits during this month is reported as a new application.

- a. If, in the example above, an application for recertification is filed in Month 1 (the last month of certification) and is approved for continuing eligibility, it is reported in Items 11a and 8a only. If not approved for continuing eligibility, report in Items 11b and 9.

If an application for recertification is not filed in Month 1, the case is terminated, in Item 9.

- b. If, in the example above, the application for recertification is filed in Month 2, it shall be reported as a new application in Item 2. If approved, it is reported in Items 4a, 7a and 8a. If denied, report in Item 4b.

 - b. **Determined ineligible** - Enter the number of households determined to be ineligible for continued participation during the report month.
12. **Overdue recertifications (CWD caused)** - Enter the number of households reported in Items 11a and 11b which reapplied prior to the end of their current recertification period, but were not processed within required timeframes due to CWD error. Provide information for both PAFS and NAFS households.

26-311.40 PART D. OTHER **26-311.40**

This section is reserved for additional information which may be required temporarily or permanently due to a court decision or a change in legislation or regulation. In order to avoid a revision to this form, this section is provided for any unforeseen reporting needs or requirements. If any items are added under this section, you will be notified by All-County Letter and given time for implementation.

26-311.50 REPORTING SITUATIONS AND EXAMPLES **26-311.50**

Following are specific areas that require reporting in several data items on the DFA 296:

1. **Delay in processing an application**

If the county is unable to complete the processing of an application within the prescribed 30-day period due to the fault of the household, the regulations (63-301.421) provide that the county has the option of sending the household either a Notice of Denial or a Notice of Pending Status (option must apply to all households in the county). However, if a Notice of Denial is sent and the household takes the required action within 60 days of the date the application was filed, the application shall be reopened. If the county chooses the option of sending a Notice of Pending Status, it would be reported as follows:

26-311.50 REPORTING SITUATIONS AND EXAMPLES (Continued)

26-311.50

Example:

Pending Option

Month 1

Application received

Month 2

Household has taken no action
-loses entitlement to benefits for month of application. Pending notice sent.

Month 3

a) Household takes necessary action by the end of the second 30-day period - application is reopened
or
b) HH takes no action: No action by agency.

Report on the DFA 296 as follows:

Month 1

Application received (Item 2).

Pending 1 to 30 days (Item 5)

Month 2

Pending notice sent
Pending over 30 days (Item 5).

Month 3

a) Application is approved (Items 4a and 7a) and certified eligible (Item 8a)
or
b) Application is denied (Item 4b)

Denial Option

Month 1

Application received (Item 2).

Month 2

Household has taken no action
-loses entitlement to benefits for month of application as:
Denial notice sent. (Item 4b)

Month 3

Application reopened (do not count in Item 2) and counted as:
a) An "other approval" (Item c) and certified eligible (Item 8a)
or
b) Denied-no denial count to be reported as would duplicate denial count in prior month.

26-311.50 REPORTING SITUATIONS AND EXAMPLES (Continued)**26-311.50**

Inform Statistical Services via a footnote on the July 1981 report whether the county follows the option to pend the application or deny the application on the 30th day from the day of application. Counties may not utilize both options. If the county changes the option used, Statistical Services must be notified.

2. Termination of AFDC Benefits

In situations where a PA food stamp case has had a change in circumstances resulting in its public assistance benefits being discontinued but there is insufficient information to determine the effect on food stamps, the regulations (63-504.355) require that a Notice of Expiration be sent to the household stating that its food stamp certification period will expire at the end of the month following the month in which the notice is sent. On the DFA 296, these cases are transferred to NAFS in the month in which the notice is sent and certified eligible, **NAFS** in the month following the month in which the notice is sent. If an application is submitted for continuing benefits, it is reported as a recertification if the recertification time frames are met (see Part C instructions).

Example:

Month 1	Month 2
AFDC benefits are terminated	FS benefits are continued This is the last month of certification. Classified as NAFS. If the household does not apply for continuing benefits, the case is terminated.

26-311.50 REPORTING SITUATIONS AND EXAMPLES (Continued)**26-311.50****Report as follows:**

Month 1	Month 2
a) PAFS Certified Eligible (Item 8a, Col. 1).	a) NAFS Certified Eligible (Item 8a, Col. 2).
b) PAFS Termination (Item 9, Col. 1).	b) If household does not reapply for continuing benefits terminate in Item 9, Col. 2.
c) Transfer in assistance classification to NAFS (Item 7b, Col. 2)	or
d) NAFS case certified for future months (Item 8b, Col. 2).	c) If household reapplies for continuing benefits and is determined: 1) ineligible, report in Item 11b and Item 9, Col 2, or 2) eligible report in Item 11a.

If the household applies for continuing benefits subsequent to the last month of certification, it is considered a new application.

3. Multiple Dispositions

When a household applies for FS and will be evaluated for expedited services and for ongoing eligibility, this shall be reported as only one application.

The application for expedited services is counted as a new application for NAFS. If the household applies for continuing FS benefits and AFDC benefits, the application is counted as a transfer in assistance classification at such time as the AFDC benefits are approved. If the household does not apply or is ineligible for AFDC but is eligible to receive FS benefits, report as an approved recertification, Item 11a, Column 2.

26-311.50 REPORTING SITUATIONS AND EXAMPLES (Continued)	26-311.50
--	------------------

Report on the DFA 296 as follows (assuming the application is approved):

- a) Application received (one)
Item 2, Col. 2

- b) Application approved (one)
Item 4a, Col. 2 & Item 7a, Col. 2

- c) Certified eligible to participate (one count)
Item 8a, Col. 2 and either
 - 1) Case terminated NAFS
(Item 9, Col. 2)
 - 2) Transfer in assistance to PAFS.
(Item 7b Col. 1)
 - 3) Case certified for future months
(Item 8b, Col. 1) or
 - 4) Recertification disposed, continuing
eligible (Item 11a, Col. 2)

4. Disposition of a food stamp case pending the AFDC determination:

- a. When the AFDC determination is made later in the same month:

If the AFDC grant for a federally aided case cannot be reasonably anticipated and is, therefore, not used in determining the food stamp benefits in accordance with MPP 63-503.221, the case is classified as NAFS. When the AFDC determination is made and is approved, it is a transfer in assistance classification in that month. Report on the DFA 296 as follows:

Month 1

- 1) Application received (Item 2)
- 2) Application approved (Items 4a, Col. 2 and 7a, Col. 2)
- 3) Certified eligible (Item 8a, Col. 2)
- 4) Transfer in assistance classification (Item 7b, Col. 1)
- 5) Certified for future months (Item 8b, Col. 1)
- 6) Case terminated (Item 9, Col. 2)

26-311.50 REPORTING SITUATIONS AND EXAMPLES (Continued)**26-311.50****Month 2**

- 1) Certified eligible (Item 8a, Col. 1)
- b. When the AFDC determination is made in the month following the food stamp determination:

The first month if classified as a nonassistance food stamp case, unless the AFDC grant for a household in which all members are federally aided is anticipated in accordance with MPP 63-503.221 and used to determine the food stamp benefits. In the second month, if the AFDC determination has not been made and food stamps are issued without the AFDC grant for a federally aided case being used to compute food stamp benefits, then it is classified as NAFS. When the AFDC determination is made, it is counted a transfer in assistance classification in that month. Report as follows on the DFA 296:

Month 1

- 1) Application received (Item 2)
- 2) Application approved (Items 4a and 7a, Col. 2)
- 3) Certified eligible (Item 8a, Col. 2)

Month 2

If the AFDC determination has not been made when food stamps are issued in Month 2 without anticipating the AFDC grant, but AFDC is granted later in the month, report as below:

NOTE: This does not apply for expedited services cases certified for one month only. These cases are treated as a recertification in Month 2 and as a transfer in assistance classification when PA is approved.

- 1) Certified eligible (Item 8a, Col. 2)
- 2) Case terminated (Item 9, Col. 2)
- 3) Transfer in assistance classification (Item 7b, Col. 1)
- 4) Certified for future months (Item 8b, Col. 1)

Month 3

26-313 FOOD STAMP EMPLOYMENT AND TRAINING (FSET) 26-313
QUARTERLY STATISTICAL REPORT (FORM STAT 40)

26-313.01 CONTENT 26-313.01

This quarterly report provides information concerning Food Stamp Program applicants and recipients who are involved in the Food Stamp Employment and Training Program.

26-313.02 PURPOSE 26-313.02

Data collected through this report is used by the United States Department of Agriculture, Food and Nutrition Service to monitor service levels of the Food Stamp Employment and Training Program.

26-313.03 DISTRIBUTION 26-313.03

This report is distributed to departmental program managers, the United States Department of Agriculture, Food and Nutrition Service, and other interested agencies and individuals.

26-313.04 DUE DATE 26-313.04

Each County shall submit a report by the 15th working day of the month following the report quarter. Send report to:

State Department of Social Services
Statistical Services
744 P Street, Mail Station 19-81
Sacramento, CA 95814

If the report will be either delayed or incomplete in any way, please contact Statistical Services at (916) 322-2230 or ATSS 492-2230 prior to the due date.

26-313.10 GENERAL INSTRUCTIONS FOR COMPLETING FORM STAT 40 **26-313.10**

When completing this report it is important to remember that individuals will affect the registrant and deferral counts only once during a Federal fiscal report year (October through September). Also, it is important to remember a single person may influence the count of work registrants, deferrals, volunteers, and if a change in status occurs, of mandatory participants and NOAAs. In general, if an individual's status does change, that individual would never be subtracted from one count to be added to another. The only exception to this policy would be if the change of the status is because the County is correcting an earlier County assessment or counting error.

26-313.20 PART A. PROGRAM REGISTRANTS **26-313.20**

Part A provides the monthly counts and quarter totals of those food stamp applicants/recipients who were newly work registered during the report quarter. It also provides monthly counts and quarter totals of: 1) those work registrants (new and ongoing) who were either deferred from FSET participation or placed in a FSET component, 2) those work registrants who were deferred from FSET participation but voluntarily were placed in a component, and 3) Food Stamp Program recipients who were exempt from work registration but who were voluntarily placed into a FSET component.

Column Instructions:

Columns 1-4 Enter the monthly counts and provide quarter totals on every report.

Item Instructions:

1. **Total new work registrants** - Enter the monthly count of all food stamp applicants who do not qualify for the work registration exemptions listed in MPP Sections 63-407.21(a) through (h) plus the monthly count of food stamp recipients who have lost their work registration exemption status during the quarter. A County does not need to count any individual as work registered more than once during a Federal fiscal report year. Note that all persons who do not qualify for work registration exemption must be work registered. This count excludes work registered applicants who were placed in a Job Search or other component at the time of Food Stamp application but later either denied eligibility for reasons other than noncompliance with FSET requirements or certified but exempt from work registration. Work registered food stamp recipients who later become exempt from registration should not be subtracted from this count.

26-313.20 PART A. PROGRAM REGISTRANTS (Continued)	26-313.20
--	------------------

2. **Number of work registrants deferred from FSET participation** - Enter the monthly count of work registrants who were deferred from FSET participation during the report quarter. Remember to include ongoing work registered food stamp recipients who become deferred from FSET participation during the quarter. Do not include individuals whose deferral status carried over from a previous quarter. Do not double count individuals who change from one deferral to another during the Federal fiscal year. Do not double count individuals who have had their deferral status reviewed and reaffirmed unless they have been reworked registered.

3. **Volunteers who are placed in an FSET component** - Enter the monthly count of all Food Stamp Program participants who volunteer to be placed in a component. The volunteer should be counted only after he or she commences a specific component. Note that this count may include individuals who are exempt from work registration or deferred from FSET participation. Individuals who are part of the FSET mandatory population and have not been selected by the County for FSET participation, but volunteer to do so, should be counted as volunteers. This count also includes individuals who have completed a component, or are participating in a component, who then volunteer to begin a different component. Count volunteers each time they are referred to a component. Volunteers must be food stamp recipients, but they are not subject to noncompliance with FSET requirements.

4. **Mandatory participants who are placed in an FSET component** - Enter the monthly count of individuals in the FSET mandatory population who have been selected to participate in an FSET component and who are placed in that component (include applicant placements when applicable). Note that simply referring an individual to the FSET unit for an assessment interview would not be counted as a placement; the individual must commence (begin) a particular FSET component. Individuals who are placed in a component but do not complete the component's requirements should be included in this count. Individuals who are placed in a component, but later are deferred from participation, should also be included in this count, unless this change in status is due to a County error. When individuals are selected to participate in multiple components, they should be counted once for each component to which they are placed.

26-313.20 PART A. PROGRAM REGISTRANTS (Continued) **26-313.20**

5. **Work registrants sent notice of adverse action and if appropriate applicants denied certification for failure to comply with FSET requirements** - Enter the count of all NOAA which have been issued due to failure to comply with FSET requirements. NOAA sent for noncompliance with other work registration requirements (MPP 63-407.42, .43, and .44) or voluntary quit (MPP 63-408) shall not be included in this count. Assigned persons who have good cause for noncompliance shall not be included in this count. Individuals who have been assessed and placed in an FSET component, but are then found to be noncompliant and issued a NOAA, should be included in this count as well as in the count of Item 4. For Counties administering applicant components, individuals or households which are denied participation in the program due to failure to comply with FSET applicant requirements should be included in this count. All such notices should be counted for the month they are issued.

26-313.30 PART B. DEFERRALS SECTION **26-313.30**

Part B provides the count of: 1) all those work registrants in the County who held a deferral status on October 1 and 2) all those work registrants who were granted a deferral during the report quarter.

This part lists all Federally-approved reasons for granting a deferral. A work registrant may be granted a deferral using one of the reasons listed. A count for each work registrant who is deferred from FSET participation should be entered next to the appropriate reason.

The number of all those work registrants in the County who held a deferral status on October 1 is reported in column 1 ("Oct 1"). This count is reported only on the first quarter (October through December) report of each new Federal fiscal year (October through September). The total number of deferrals reported in this column will equal the count reported in Item 9.

The monthly counts and quarter totals of those work registrants who were granted a deferral during the report quarter are to be reported in columns 2-5. These counts should be provided on every report. The total number of deferrals reported for each month, as well as their quarter total, will equal the counts reported in Item 2.

26-313.30 PART B. DEFERRALS SECTION (Continued) **26-313.30**

Column Instructions:

- | | |
|-------------|---|
| Column 1 | Complete the "Oct. 1" column only on each first quarter report (October through December) of each new Federal fiscal report year. |
| Columns 2-5 | Enter the monthly counts and provide the quarter totals on every report. |

Item Instructions:

6. **Total number of deferrals** - In column 1, enter the count of deferred work registrants reported in Part D, Item 9. In columns 2-5, enter the monthly count and quarter total of the deferred work registrants reported in Part A, Item 2, columns 1-4. The counts reported in Item 6 will equal the sum of Items 6a, 6b and 6c.

Enter the count of work registrants who received a deferral from FSET participation due to the reason indicated.

- a. **Geographical** - An entire County or part(s) of a County may be granted a geographic deferral. Deferrals reported here must have received prior approval from the FNS.
- b. **Substitute Program(s)** - This count will include those work registrants who participate in either a General Assistance Work Program, or a Non-WIN Public Assistance Program (non-GAIN), or a Refugee Resettlement Program which has participation requirements that exceed those in the FSET Program.
- c. **Individual** - Enter the sum of Items 6c(1) through 6c(6).
 - (1) **Physical or mental problems** - A deferral may be granted if the injury or illness is serious enough to temporarily prevent employment.
 - (2) **Lack of child care** - Lack of child care may be determined if child care cost plus other costs of participation exceed the amount reimbursable under FSET or in situations where there is a lack of adequate child care arrangements available for the registrants' children who have reached the age of six but are under the age of twelve (see MPP 63-408.41[j]).

26-313.30 PART B. DEFERRALS SECTION (Continued) **26-313.30**

- (3) **Lack of transportation to/or distance from FSET program site** - Lack of transportation may be determined if transportation costs plus other costs of participation exceed the amount reimbursable under FSET or when private or public transportation is not available at reasonable times on a regular basis. An unreasonable distance is defined as a round trip to and from the FSET site exceeding two hours.

- (4) **Family difficulties** - Family difficulties may be determined if a situation arises where an immediate family/household member temporarily requires the presence of the registrant. For example, when an incapacitated/ill family member temporarily requires the presence of the registrant or when the presence of the registrant is necessary because of the death of an immediate family/household member.

- (5) **Legal difficulties** - Legal difficulties may be determined if a court mandated appearance precludes participation.

- (6) **Temporary unemployment - expected to return to work within 60 days** - This may be determined if a registrant is temporarily laid off from a job but is expected to return to work within 60 days.

26-313.40 PART C. COMPONENT PLACEMENTS **26-313.40**

Part C lists all Federally-approved FSET components offered by the State and provides the monthly counts and quarter totals of all those food stamp applicants/recipients who were placed in each component during the course of the report quarter.

Individuals may be selected to participate in more than one component and should be counted once for each component in which they are placed.

Columns 1-6 Complete columns 1-6 on every quarterly report. In columns 1-5 a placement count will be recorded for each component in which an individual was placed during the report quarter. In column 6 provide the quarter totals.

Column 1 Workfare - Workfare consists of a nonsalaried assignment with a public or private nonprofit agency that provides the registrant an opportunity to develop basic work habits or to practice existing skills.

26-313.50 PART D. OCTOBER 1 WORK REGISTRATION STATUS 26-313.50

Part D provides the count of all those ongoing Food Stamp Program recipients who were work registered on October 1. It also provides the October 1 count of ongoing food stamp recipients who are work registered and either deferred from FSET participation or available for participation in an FSET component. Counts in this part are of ongoing food stamp recipients and do not include new registrant counts.

Column Instructions:

Complete the "Oct 1" column only on each first quarter report (October through December) of each new Federal fiscal report year.

Item Instructions:

8. **Total number of work registrants on October 1** - Enter the total number of all work registrants in the County on October 1. This count includes individuals who end their work registration period during the month of October but does not include October new work registrants as they are already recorded in Item 1.
9. **Total number of work registrants who held a deferral status on October 1** -Enter the number of all those work registrants in the County who held a deferral status on October 1. This count does not include October new work registrants granted a deferral from FSET participation (they are already recorded in Item 1) but does include individuals who hold a deferral on October 1 but lose their deferral status during the month of October. Persons who lose their deferred status in September should not be included in this count. Note that this figure is a subcount of Item 8, since all individuals who are deferred from FSET are work registered.
10. **Total number of mandatory participants on October 1** - Enter the difference of Items 8 and 9. This number represents the number of ongoing food stamp work registrants who are available for placement into a FSET component on October 1.

26-313.60 PART E. OTHER **26-313.60**

This section is reserved for additional information which may be required temporarily or permanently due to a court decision or a change in legislation or regulation. 26-320.05 INSTRUCTIONS	26-320.05
-------------------------------	------------------

Complete all items on Form DFA 358, being sure to identify your county.

Report the number of households participating (those who received coupons) during the report month for each ethnic origin under the applicable Assistance and Nonassistance column. Mixed households are to be reported in the Nonassistance column. Report only once those households that participated more than once in the month of July. Report each household in only one ethnic group. Zero entries need not be made.

The number of households reported on the DFA 358 should be the same as the corresponding number of households on Form DFA 256, "Monthly Report of Participation and Coupon Issuance," for the same report month. If the number of households on the DFA 358 does not agree with the DFA 256, explain in the "Remarks" section any variance of plus or minus two percent.

Sign and date the report.

26-320.06 ETHNIC ORIGIN IDENTIFICATION	26-320.06
---	------------------

Self-identification is the established method of identifying race. A single identifier is to be used for the household even if the household members are of more than one race. If an applicant does not consent to the self-identification method, the case worker will, through visual observation, determine the applicant's ethnic origin. The applicant's race will represent the race of the entire household in these cases. If an application is mailed or a phone interview conducted, the caseworker may ask the applicant to identify his racial/ethnic origin over the phone.

26-320.07 ETHNIC ORIGIN DEFINITIONS **26-320.07**

Black (not of Hispanic origin) - All persons having origins in any of the black racial groups of Africa.

Hispanic - All persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish culture or origin, regardless of race.

Asian or Pacific Islander - All persons having origin in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands. This area includes, for example, China, Japan, Korea, and Samoa. Although persons of Filipino descent would normally be included under this category, because of a State requirement, Filipinos, will be reported separately under the ethnic category, "Filipino".

American Indian or Alaskan Native - All persons having origins in any of the original peoples of North America and who maintain cultural identification through tribal affiliation or community recognition.

White (not of Hispanic origin) - All persons having origins in any of the original peoples of Europe, North Africa, or the Middle East.

26-325.10 INSTRUCTIONS**26-325.10**

Data to be used in preparing this report must come from ATP cards transacted by households in the reporting county, HIR cards used by the county to provide issuance during the month, or mail issuance data if direct mail issuance is employed. Cashier errors shall not be reported. In counties using ATP issuance systems, the following procedures shall be used to determine how transacted ATPs shall be counted.

1. Altered, counterfeit, duplicate, expired or stolen ATPs shall be included.
2. Duplicate ATPs, supplementals, retroactive benefits, etc., shall count as one transaction; however, the value of all coupons issued as a result of these card transactions shall be included in item 3.
3. Transacted, out-of-state ATP cards shall be counted as participation in the county agency and the value of coupons issued included in Item 3.
4. ATPs issued after the 25th of the month shall be counted in the month transacted.
5. Out-of-county ATP cards shall be counted in the county where it is transacted.
6. Disaster issuances shall be counted.

26-325.10 INSTRUCTIONS (Continued) **26-325.10**

7. In Item 2 enter the number of actual issuances of food coupons to participating households. 9. In the remarks section:
 - a. Explain month-to-month participation changes in Item 1, Col. A and B, of plus or minus 5 percent.

INFORMATION AND REFERRAL**

Item 1. Number of responses to requests for Information and Referral

Report the number of times I and R was provided by the CWD during the month. I and R refers to the provision of information on human services resources (adult, family, and children) and a brief assessment of the request, but not diagnosis and evaluation, solely for the purpose of facilitating an appropriate referral to available public and private resources which provide such services. See MPP Section 30-050.

26-514.20 PART B: OUT-OF-HOME ADULTS (OHC-A) 26-514.20

When the CWD receives an application for adult out-of-home care services, it is considered a case. A case must have distinguishable and retrievable "case status" within the CWD's central index/registry (i.e., case folder and number), and a case record or case file as required by regulation. See MPP Section 30-600.

NOTE: Requests for certification of out-of-home care by Social Security Administration are to be reported on the Form ABD 216, not on the SOC 242.

Item 2. Cases brought forward from last month (same as Item 6 on prior month report)

Report the number of cases receiving OHC-A services on the first day of the report month. This must be the same number as stated in Item 6 (cases carried forward to next month) on the prior month report.

Item 3. Cases opened during the month

Report the number of OHC-A cases opened during the month.

Item 4. Total number of active cases during month (sum of Items 2 and 3)

Enter the sum of Items 2 and 3 above.

Item 5. Cases closed during the month

Report the number of OHC-A cases closed during the month.

Item 6. Cases carried forward to next month (Item 4 minus Item 5)

Enter the remainder of Item 4 minus Item 5.

26-514.30 PART C. ADULT PROTECTIVE SERVICES (APS) **26-514.30**

Item 7. Number of APS reports/referrals/requests received during the month

Enter the number of APS reports/referrals/requests received during the month, including new reports on existing APS cases. Reports include all reports of abuse to the APS cases. Reports include all reports of abuse to the APS population as defined by regulations. (See MPP Section 30-800.) If a report comes in as an I and R, the CWD would count this in both Items 1 and 7 on this form. Referrals/requests include all referrals requests made to the CWD specifically for services to prevent or remedy danger to adults.

Please note that this line item represents a duplicative person count. Two reports made to the CWD by two different individuals on the same incident would be counted as two reports received.

Emergency Response (ER) Cases

NOTE: This definition of an APS Emergency Response (ER) case is provided to facilitate uniform statistical reporting.

A report of abuse, referral, request for APS is reported an Emergency Response case when all the following conditions are met:
